

Enterprise Employee Handbook & Administrative Guidelines

Version 2026.1 | Authoritative Reference for Governance, Leave, Travel, Remote Work & Operating Rules

Section 1: Corporate Governance & Purpose of This Handbook

This Employee Handbook is the authoritative operating reference for every person employed by the Enterprise Organization, regardless of function, seniority, or contract type. It sets out the administrative processes, employment classifications, professional conduct standards, leave accrual mechanics, travel and expense rules, remote-work security obligations, and the code of conduct that governs day-to-day work across every regional office. Managers are expected to apply these policies consistently; deviations require written sign-off from the Human Resources Business Partner (HRBP) assigned to that function.

Where local statutory requirements are more generous to the employee than the baseline described in this handbook (for example, a jurisdiction that mandates a longer notice period or a higher minimum leave entitlement), the local statutory requirement takes precedence. The People Operations team maintains a country-specific addendum register that supplements — but never narrows — the protections described here.

This handbook is reviewed annually by the Executive People Committee and republished each January. Employees are notified of material changes at least 30 days before they take effect, and continued employment after that notice period constitutes acknowledgement of the revised terms.

Section 2: Employment Classifications & Work Schedule

Employees are assigned to specific job classifications that determine compensation structure, overtime eligibility, and benefit allocation at the point of hire and re-confirmed at every promotion or transfer:

- **Full-Time Exempt Staff:** Professional, technical, or managerial employees working a minimum of 40 hours per week, exempt from statutory overtime pay under their local employment code.
- **Full-Time Non-Exempt Staff:** Hourly operational staff entitled to overtime pay at 1.5x the standard hourly rate for hours worked beyond 40 per week, and 2.0x for hours worked on a designated public holiday.
- **Part-Time Employees:** Staff scheduled for fewer than 30 hours per week, eligible for prorated leave accrual and prorated participation in the group benefits plan.
- **Fixed-Term Contractors:** Engaged for a defined project duration not exceeding 24 months, renewable once, with statutory leave entitlements but no eligibility for the variable bonus pool.

Standard business operating hours are Monday through Friday, 8:00 AM to 6:00 PM local time. Mandatory core collaboration hours — during which all staff must be reachable regardless of flexible scheduling — run from 10:00 AM to 4:00 PM. Flexible arrival between 8:00 AM and 10:00 AM is permitted subject to the direct supervisor's approval and does not require a formal exception request.

Section 3: Remote & Hybrid Work Arrangements

Employees in eligible roles may work under a hybrid arrangement (minimum 2 in-office days per week, set by the department lead) or a fully remote arrangement approved by the VP of the function. Eligibility is reassessed at each performance cycle and is not a permanent entitlement.

- **Equipment:** The company issues a standard laptop, monitor, and peripheral kit; additional ergonomic equipment is reimbursable up to \$300 USD per employee every 3 years under expense code EXP-ERG-210.

- **Home Office Stipend:** \$75.00 USD per month for verified remote employees, disbursed with monthly payroll under expense code EXP-4401.
- **Security Requirements:** Mandatory VPN connection for any access to internal systems, disk encryption on all company devices, and a strict prohibition on conducting company business over unsecured public Wi-Fi.
- **Core Presence Days:** Hybrid staff must be on-site on the department's designated anchor days, published quarterly by the workplace operations team.

Section 4: Probationary Evaluation & Performance Appraisals

All newly hired employees undergo a mandatory 90-day introductory probationary period beginning on the official date of hire. Direct managers conduct formal milestone evaluations on Day 30, Day 60, and Day 85, each recorded in the performance management system. Successful completion of probation activates full group medical insurance and retirement benefit allocations retroactive to the date of hire.

Subsequent performance appraisals occur biannually, on June 15 (Mid-Year Review) and December 15 (Annual Performance Appraisal). Ratings from the Annual Appraisal directly determine merit increase eligibility and the variable bonus multiplier described in the Bonus Payout Matrix.

Section 5: Paid Time Off (PTO) & Leave Accrual Schedule

Paid vacation, sick leave, and personal casual days accrue monthly based on completed years of continuous service:

Completed Tenure	Vacation Days / Yr	Sick Days / Yr	Casual Days / Yr	Max Annual Carryover
0 - 2 Years	15 Days	10 Days	5 Days	5 Days
2 - 5 Years	20 Days	12 Days	5 Days	7 Days
5 - 10 Years	25 Days	15 Days	7 Days	10 Days
10+ Years	30 Days	18 Days	10 Days	15 Days

Unused vacation days beyond the maximum carryover threshold are forfeited on December 31 unless the employee's manager approves a documented business-need extension into Q1 of the following year. Sick leave does not carry over and resets on January 1.

Section 6: Business Travel & Daily Per Diem Expense Policy

Employees traveling on official company business are entitled to expense reimbursements and per diem allowances. All business travel must receive pre-authorization from the Department Head via Travel Authorization Form (TAF-101) at least 7 days prior to departure.

- **Air Travel:** Standard Economy class required for all domestic flights. Business Class permitted only for international flights exceeding 8 consecutive hours.
- **Lodging / Hotel Caps:** Tier 1 Metropolitan Cities capped at \$250.00 USD/night; Tier 2 Cities capped at \$175.00 USD/night.
- **Daily Meal Per Diem:** Fixed daily allowance of \$75.00 USD/day (\$15 Breakfast, \$25 Lunch, \$35 Dinner) with no itemized receipts required for food.
- **Ground Transport:** Rideshare or taxi reimbursed at actuals; personal vehicle mileage reimbursed at \$0.67 USD/mile.

Submission Deadline & Expense Code: Expense claims with receipts for lodging and transport must be submitted in the finance portal under expense category code **EXP-TRV-802** within **15 calendar days** of trip completion. Claims submitted after 30 days require CFO-office approval.

Section 7: Code of Conduct & Intellectual Property (Summary)

Employees must adhere to strict ethical standards; conflicts of interest, bribery, or unauthorized disclosure of trade secrets are grounds for immediate termination. All software, patent filings, processes, and documentation produced during employment remain the sole intellectual property of the organization. A full statement of expected conduct, gift and hospitality limits, and the whistleblower reporting channel is published separately in the Code of Conduct & Ethics Policy.

Section 8: Health, Safety & Workplace Incident Reporting

All office locations maintain a documented emergency evacuation plan, a first-aid trained floor warden per 40 employees, and quarterly fire-drill exercises. Any workplace injury, near-miss, or safety hazard must be reported to the Workplace Safety Officer within 24 hours using Incident Form WS-14. Repeat safety violations by a facility trigger a mandatory review by the Global Real Estate & Workplace Safety Committee.

Section 9: Dress Code, Facilities & Visitor Access

Business-casual attire is the standard expectation for office-based roles; client-facing meetings and formal events call for business formal attire unless the client environment indicates otherwise. Denim and closed-toe casual footwear are acceptable on non-client days. Employees hosting external visitors must register them at reception at least 2 hours in advance and remain with the visitor at all times while they are inside secured areas of the office.

Shared facilities — meeting rooms, phone booths, and collaboration spaces — are bookable through the workplace scheduling system. Rooms held but unused for more than 10 minutes past the scheduled start are automatically released for other bookings.

Section 10: Acceptable Use of Company Systems & Social Media

Company-issued email, messaging, and file-storage systems are provided for business use; limited incidental personal use is permitted provided it does not interfere with productivity, consume disproportionate bandwidth, or violate the Code of Conduct. All activity on company systems may be monitored for security and compliance purposes, consistent with applicable local privacy law and with notice provided to employees at the time of hire.

Employees who identify themselves as company staff on public social media must include a standard disclaimer that views expressed are their own, must not disclose confidential or unreleased company information, and must not speak on the company's behalf without authorization from Corporate Communications.

Section 11: Equal Opportunity, Accommodation & Anti-Discrimination Statement

The Enterprise Organization is an equal opportunity employer and makes employment decisions — hiring, promotion, compensation, and termination — based on merit, qualifications, and business need, without regard to race, color, religion, sex, national origin, age, disability, or any other legally protected characteristic. Employees requiring a reasonable accommodation for a disability or religious observance should submit a request to HR via the Accommodation Request Form (ACM-05); requests are acknowledged within 5 business days and an interactive dialogue to identify a workable accommodation begins within 10 business days.

Section 12: Separation Protocol & Offboarding Deadlines

Resigning staff must provide formal written notice: 30 calendar days for individual contributors and 60 calendar days for managers and executives. On the final working day, all corporate assets — encrypted laptops, physical badges, security tokens, and corporate cards — must be returned to IT and HR. Final settlement of dues, including any pro-rated bonus and encashment of unused leave, is processed within 45 calendar days of the last working day.

Exiting employees complete a mandatory exit interview with HR and a knowledge-transfer plan signed off by their manager. Access to all company systems is revoked at 11:59 PM on the last working day unless a documented, time-boxed transition

extension has been approved by the CISO's office.
